

## FINAL PROJECT

# HTML5 FOUNDATIONS CERTIFICATION

Everyone loves a good recipe! You have been tasked with creating a small recipe website called "Comfort Eats." For this final project, create a four page recipe web site using the materials at: [https://drive.google.com/file/d/1emuDLnOd5IH9Y0IdT\\_BbnJOeBeMXWtTb/view?usp=sharing](https://drive.google.com/file/d/1emuDLnOd5IH9Y0IdT_BbnJOeBeMXWtTb/view?usp=sharing)

Three of your pages will be recipe pages that have the text from the recipes provided in the download. The fourth page, which should have the file name index.html, should provide a link to each of the recipe pages and a small image of each recipe.

To earn certification your submission must meet the following requirements:

- ❑ Each recipe page should have navigation back to the home page
- ❑ Each recipe page should show both of the images for the recipe
- ❑ Every page should use semantic HTML
- ❑ Text should be readable and correctly formatted
- ❑ Site should work and be generally error-free
- ❑ HTML should be well formed, well-formatted and generally error free

Good luck!

## SUBMITTING EXERCISES

To earn certification all exercises must be submitted and accepted.

1) When you've completed all of the HTML exercises, please zip them into a single file and submit to our Dropbox at <http://bit.ly/CWDP2324>.

2) Next, fill out the certification completion form at <https://forms.gle/5EiUGCM6dGdIF2Py6>.

Remember, that all of your exercises for each module should be included in a separate zip file.

## GETTING HELP

We always want to ensure that your questions are answered. There are a number of ways to get in touch.

1) We operate a lively Discord server. Join us at <https://discord.gg/tgxX2fCrv5> and you can ask your question on Discord. Mark and our team of instructional assistants monitor this Discord and answer questions ASAP.

2) This certification program is offered on several platforms. Most platforms have a Q & A section where you can post questions. We monitor these and respond as quickly as we can.

3) You may use our question hotline email at [questions@dollardesignschool.com](mailto:questions@dollardesignschool.com).

**Remember to always to include which section your question is from and send any code you're working on!**
